Testimonials:

HOPSM has been a blessing to me. Level 1, 2, and 3 taught me about leadership, how to be a leader, and it also assured me about the calling on my life.

The Lab showed me how to study the word of God. I learned how to break words down to get a better understanding of the scriptures.

I was also proud to become a graduate of the HOPSM! ~ *Altina Wilson*

I praise God for the opportunity to attend the HOP School. I learned so much in all my classes. My favorite class has been the Acts of the Holy Spirit. This class has helped me learn more of having, the reason, and why we need the Holy Ghost. I encourage and urge anyone who has not attended the school, please do so, I promise you will never be the same.

~ *Machelle Woodson*
